- 

#### **1. Introduction**

The Delivery & Logistics Support Manual provides Customer Support Representatives (CSRs) with standardized procedures for handling delivery-related customer inquiries.

Timely and accurate responses improve customer satisfaction and reduce unnecessary escalations.

---

## **2. Purpose**

The objectives of this manual are to:

- Provide consistent delivery support.
  - Improve first-contact resolution.
  - Reduce delivery-related escalations.
  - Ensure proper shipment tracking.
  - Increase customer confidence.
- 

## **3. Scope**

This manual applies to:

- Order Tracking
  - Delayed Deliveries
  - Lost Shipments
  - Damaged Packages
  - Wrong Product Delivered
  - Address Changes
  - Delivery Confirmation
  - Courier Issues
- 

## **4. Agent Responsibilities**

Customer Support Representatives should:

- Verify customer identity.
- Verify the order number.

- Review shipment status.
  - Explain delivery updates.
  - Coordinate with logistics partners.
  - Escalate unresolved issues.
  - Record all customer interactions.
- 

## **5. Delivery Process Overview**

A standard delivery process consists of the following stages:

1. Order Confirmed
2. Order Packed
3. Shipped
4. In Transit
5. Out for Delivery
6. Delivered

Each stage is updated in the tracking system.

---

## **6. Shipment Tracking**

Before responding to a customer, verify:

- Order Number
  - Tracking Number
  - Courier Partner
  - Current Shipment Status
  - Estimated Delivery Date
  - Delivery Address
- 

## **Common Tracking Status**

| Status           | Meaning                        |
|------------------|--------------------------------|
| Order Confirmed  | Order successfully placed      |
| Packed           | Preparing shipment             |
| Shipped          | Handed over to courier         |
| In Transit       | Moving between logistics hubs  |
| Out for Delivery | Delivery scheduled today       |
| Delivered        | Package successfully delivered |
| Exception        | Delivery issue detected        |

---

## 7. Common Delivery Issues

### Issue 1: Order Delayed

Possible causes:

- Bad weather
- Courier backlog
- High order volume
- Address verification
- Vehicle breakdown

Resolution:

- Verify tracking.
  - Inform customer.
  - Provide updated delivery estimate.
- 

### Issue 2: Package Not Delivered

Possible causes:

- Incorrect address

- Customer unavailable
- Courier attempted delivery
- Logistics error

Resolution:

- Confirm delivery address.
  - Check courier notes.
  - Schedule re-delivery if available.
- 

### **Issue 3: Wrong Product Delivered**

Steps:

- Verify Order ID.
  - Compare delivered item.
  - Collect product photographs.
  - Initiate replacement request.
- 

### **Issue 4: Damaged Package**

Ask customer to provide:

- Package photos
- Product photos
- Order Number
- Delivery Date

Forward the case to the Quality Team.

---

### **Issue 5: Tracking Not Updated**

Tracking may take 12–24 hours to refresh after shipment.

If no updates appear after 24 hours:

- Contact logistics partner.
  - Raise investigation ticket.
- 

## **8. Standard Operating Procedure (SOP)**

### **Step 1**

Verify customer identity.

Collect:

- Customer Name
  - Order Number
  - Registered Phone Number
- 

### **Step 2**

Verify shipment details.

Check:

- Courier Partner
  - Tracking Number
  - Current Status
  - Estimated Delivery Date
- 

### **Step 3**

Identify issue category.

Examples:

- Delay
- Lost Shipment
- Damaged Item
- Wrong Product

- Tracking Error
- 

#### **Step 4**

Explain the shipment status.

Provide:

- Current location
  - Reason for delay (if available)
  - Expected resolution
- 

#### **Step 5**

Complete required action.

Possible actions include:

- Re-delivery Request
  - Replacement Request
  - Refund Request
  - Courier Investigation
  - Escalation
- 

### **9. Delivery Exceptions**

#### **Weather Delay**

Inform customer about weather-related disruptions.

---

#### **Address Verification**

If the address is incomplete:

- Contact customer.
- Update delivery details.

- Notify courier partner.
- 

### **Customer Unavailable**

If delivery fails:

- Schedule another attempt.
  - Provide pickup option if available.
- 

### **Lost Shipment**

Actions:

- Raise logistics investigation.
  - Notify customer.
  - Arrange replacement or refund.
- 

## **10. Escalation Guidelines**

Escalate immediately if:

- Shipment lost.
- Delay exceeds 7 business days.
- High-value product missing.
- Courier repeatedly fails delivery.
- Customer requests supervisor.
- Fraud suspected.

Escalation ticket should include:

- Customer Details
- Order Number
- Tracking Number
- Courier Information

- Investigation Notes
  - Supporting Images (if available)
- 

## **11. Frequently Asked Questions**

### **Q1. Where is my order?**

Agents should verify tracking status and provide the latest shipment update.

---

### **Q2. My tracking hasn't updated.**

Tracking updates may take up to 24 hours after shipment.

---

### **Q3. Can I change my delivery address?**

Address changes are allowed before the order reaches the courier.

---

### **Q4. My package arrived damaged.**

Collect photographs and initiate a replacement or refund request.

---

### **Q5. What if my order is lost?**

A logistics investigation will be initiated. Depending on the outcome, the customer may receive a replacement or refund.

---

## **12. Sample Customer Conversations**

### **Scenario 1 – Delayed Delivery**

#### **Customer**

"My package hasn't arrived yet."

#### **Agent**

"I sincerely apologize for the delay. Let me check the latest shipment status and provide you with an updated delivery estimate."

---

## **Scenario 2 – Wrong Product**

### **Customer**

"I received the wrong item."

### **Agent**

"I'm sorry for the inconvenience. Please share a photo of the received product so I can initiate a replacement immediately."

---

## **Scenario 3 – Damaged Package**

### **Customer**

"The package was damaged when it arrived."

### **Agent**

"I apologize for the inconvenience. Could you please upload photos of the package and the product so we can process your request quickly?"

---

## **13. Best Practices**

Always:

- Verify order details.
- Provide accurate tracking information.
- Communicate expected delivery dates.
- Keep customers informed.
- Document all actions.

Never:

- Promise guaranteed delivery without confirmation.
- Blame courier partners.
- Close cases before resolution.
- Ignore repeated delivery complaints.

---

## 14. Agent Checklist

Before closing the interaction, ensure:

- ✓ Customer identity verified
- ✓ Order number confirmed
- ✓ Tracking reviewed
- ✓ Issue identified
- ✓ Appropriate action taken
- ✓ Escalation completed (if required)
- ✓ Customer informed of next steps
- ✓ Ticket notes updated

---
